

Overview

Main Material Groups

- Axle
- Bearing
- Brake
- Bushing
- Cable reel, hose reel, cable chain
- Casting
- Central lubricating system
- Charge air system and exhaust system
- Chemical product
- Client specific add-on part, plant specific equipment
- Clutch, coupling
- Combustion engine
- Coolant, lubrication, fuel
- Cooler
- Counterweight
- DIN parts, connecting element
- Electric, electronic
- Engine add-on part
- Filter
- Fire extinguisher system
- Forging
- Gearbox
- Genset
- Glass
- Grating
- Hook, hook block
- Hydraulic connection
- Hydraulic cylinder
- Hydraulic pipe
- Indirect material
- Isolation, insulation
- Ladder, platform, ascent
- Machined part
- Mobile and manufacturing hydraulic
- Operator work place
- Pin
- Pneumatics
- Propeller shaft, driving shaft, axle strut, steering rod
- Refrigeration product
- Ring
- Rope
- Rotary connection
- Running gear
- Seal
- Services
- Shaped rubber element, shaped metal part
- Sheet construction
- Sign, label
- Skin tightening
- Standard hose
- Steel construction
- Steel, metal
- Synthetic part
- Welding wire
- Wheel
