

## **New Office for Liebherr-Aerospace in India**

**February 2019 – Liebherr-Aerospace has recently inaugurated its new and bigger regional office in M.G. (Mahatma Gandhi) Road in Bangalore. The move had become necessary due to the company’s increase of activities and growth of the team on site. The office is proof of the aviation system supplier’s long-term strategy to enlarge its footprint in India.**

The Liebherr-Aerospace team based in Bangalore is supporting Indian aircraft operators, manufacturers as well as suppliers and coordinates projects with the European-based OEM facilities Liebherr-Aerospace Lindenberg GmbH, Lindenberg (Germany), Liebherr’s center of excellence for flight control, actuation, gears, gearboxes and landing gear systems, and Liebherr-Aerospace Toulouse SAS, Toulouse (France), Liebherr’s center of excellence for air management systems.

The office serve as a basis for the various strategic steps of Liebherr-Aerospace in the Indian aerospace market. “We are very pleased that we are progressing well with our plan to enlarge our footprint in India. Our growing team and this new office enable us to become a major player in India”, said Nicolas Bonleux, Managing Director & Chief Commercial Officer, Liebherr-Aerospace & Transportation SAS, during the inauguration ceremony.

### **Liebherr-Aerospace is a leading supplier of systems for the aviation industry**

Liebherr-Aerospace & Transportation SAS, Toulouse (France), is one of eleven divisional control companies within the Liebherr Group and coordinates all activities in the aerospace and transportation systems sectors.

Liebherr-Aerospace is a leading supplier of systems for the aviation industry and has more than five decades of experience in this field. The range of aviation equipment produced by Liebherr for the civil and military sectors includes flight control and actuation systems, landing gear, air management systems as well as gears, gearboxes and electronics. These systems are deployed in wide-bodied aircraft, single aisle and regional aircraft, business jets, combat aircraft, military transporters, military training aircraft, civil helicopters and combat helicopters.

Liebherr's aerospace and transportation systems division employs around 5,400 people. It has four aviation equipment production plants at Lindenberg (Germany), Toulouse (France), Guaratinguetá (Brazil) and Nizhny Novgorod (Russia). These production sites offer a worldwide service with additional customer service centers in Saline, Michigan (USA), Seattle, Washington (USA), Montréal (Canada), Sao José dos Campos (Brazil), Hamburg (Germany), Moscow (Russia), Dubai (UAE), Bangalore (India), Singapore and Shanghai (People's Republic of China).
