# Maxim Crane Works takes delivery of a Liebherr LR 1400.1 SX crawler crane at Conexpo 2026

**Industry leader in turnkey lift services, Maxim Crane Works, receives a Liebherr LR 1400.1 SX crawler crane at Conexpo 2026 marking another milestone in the longstanding relationship between the two companies.**

Las Vegas, NV (USA), Liebherr USA, Co., March 4, 2026 – [Maxim Crane Works](#) takes delivery of a Liebherr 1400.1 SX crawler crane at Conexpo 2026, North America's largest construction tradeshow. With over 250 Liebherr machines in their extensive fleet, Maxim continues to rely on the high quality and service each Liebherr crane provides.

From coast to coast, Maxim Crane Works partners with leading construction firms to tackle the most challenging projects across the country. Offering innovative solutions across 50+ locations, the company specializes in crane rentals, heavy hauling, engineering services, project management, and maintenance needs.

## **Versatility in motion**

The [Liebherr LR 1400.1 SX crawler crane](#) is an ideal solution for Maxim's heavy lifting operations offering long boom configurations as the load capacities can be increased through the derrick equipment and counter weight. The precise adjustment of the counter weight with VarioTray, along with the position monitoring, ensures safe and flexible crane operation on all job sites.

As a multipurpose crane, the LR 1400.1 SX can be used across a variety of industries Maxim supports, including infrastructure, commercial, or industrial applications. Additionally, the Crane Planner 2.0 lift planning software can also be used throughout any heavy lift project, providing Maxim simulations of the ideal boom configurations for the respective job site.
