## American Pile and Foundation, LLC receives a Liebherr LRB 19 piling and drilling rig at Conexpo 2026

**Liebherr delivers an LRB 19 piling and drilling rig to American Pile and Foundation, LLC at Conexpo 2026 adding additional versatility to their deep foundation solutions.**

Las Vegas, NV (USA), Liebherr USA, Co., March 4, 2026 – Premier pile driving and drilling contractor, [American Pile and Foundation, LLC](#), takes delivery of a Liebherr LRB 19 piling and drilling rig at Conexpo 2026. As North America's largest construction tradeshow, this handover signifies the continued trust and support shared between the two companies.

Offering innovative and economical foundation design and construction solutions for over 10 years, American Pile stands out as a premiere foundation contractor in the Northeast. Their fleet currently includes a Liebherr LB 28, LB 36, LRB 355.1 and an LB 45 which they acquired in late 2025. Additionally, the company is set to take delivery of an additional Liebherr LRB 355.1 in 2026. American Pile's acquisitions will complement the line of machines and provide further offerings to their customers.

### Deep foundation solutions

Liebherr piling and drilling rigs cover an extensive range of applications including piling, vibrating, pressing and drilling. With the appropriate attachment tool, many deep foundation methods can be utilized with a Liebherr deep foundation machine.

The Liebherr [LRB 19 piling and drilling rig](#) is designed for all common deep foundation applications, such as piling and vibrating applications as well as drilling with Kelly equipment, double rotary head, full displacement tool or soil mixing. The name LRB 19 refers to the maximum travel distance of the carriage of 62 ft (19 m).

The attachments can be easily changed using the hydraulic quick connection system without the operator having to leave the cab. All hydraulic, mechanical and electrical connections are automatically coupled. Improved hose routing also optimizes work process on site, and a 450 kW motor provides the necessary power for all applications.

**About Liebherr USA, Co.**

[Liebherr USA, Co.](#) based in Newport News, VA provides sales and service on behalf of ten different Liebherr product segments: earthmoving, material handling, mining, mobile and crawler cranes, tower cranes, concrete technology, deep foundation machines, maritime cranes; components, and refrigeration and freezing.

## About the Liebherr Group

The [Liebherr Group](#) is a family-run technology company with a highly diversified product programme. The company is one of the largest construction equipment manufacturers in the world. It also provides high-quality, user-oriented products and services in a wide range of other areas. The Liebherr Group includes over 150 companies across all continents.
