

Press release

Traylor Bros., Inc. takes delivery of the Liebherr LR 1400 SX at Conexpo 2026

At Conexpo 2026, Liebherr delivers an LR 1400 SX to Traylor Bros., Inc. further enhancing their expansive nationwide fleet. The crane's high reliability and load charts were all factors into the purchase.

Las Vegas, NV (USA), Liebherr USA, Co., April 6, 2026 – [Traylor Bros., Inc.](#) takes delivery of the Liebherr LR 1400 SX at Conexpo 2026, the largest construction tradeshow in North America. The LR 1400 SX will join 10+ Liebherr cranes in the Traylor fleet including the HS 885, HS 895, HS 8200, LR 1300, and LR 1400. The Traylor team noted the Liebherr LR 1400 SX was the ideal addition to their fleet due to the load chart best fitting their needs and the immense amount of reliability required for a crane within that class.

Over the last 80 years, the Indiana based company has developed into highly adaptable construction organization with a proven capability to tackle difficult applications including bridge, underground, and marine projects. The company is now under the leadership of the third generation of Traylor, who are committed to passing on their grandfather's and father's values and traditions to the next generation of leaders while preserving the company's unique culture.

Reliability first

The [Liebherr LR 1400 SX crawler crane](#) is ideal for particularly heavy lifting operations and long boom configurations, as the load capacities can be increased through the derrick equipment and counter weight, while the range of applications is expanded. The precise adjustment of the counterweight with VarioTray, along with the position monitoring, ensures safe and flexible crane operation.

The crane also offers a self-assembly system for independent and quick assembly of the crawler side frames as well as gradient travel aid which allows it to move safely on uneven terrain. With easy access to the cab, a high level of comfort, and high service availability the LR 1400 SX is a reliable, safe, and efficient option for Traylor Bros., Inc.

About Liebherr USA, Co.

[Liebherr USA, Co.](#) based in Newport News, VA provides sales and service on behalf of ten different Liebherr product segments: earthmoving, material handling, mining, mobile and crawler cranes, tower cranes, concrete technology, deep foundation machines, maritime cranes; components, and refrigeration and freezing.

About the Liebherr Group

The [Liebherr Group](#) is a family-run technology company with a highly diversified product programme. The company is one of the largest construction equipment manufacturers in the world. It also provides high-quality, user-oriented products and services in a wide range of other areas. The Liebherr Group includes over 150 companies across all continents. In 2024, it employed more than 50,000 staff and achieved combined revenues of over 14 billion euros. Liebherr was founded by Hans Liebherr in 1949 in the southern German town of Kirchdorf an der Iller. Since then, the employees have been pursuing the goal of achieving continuous technological innovation, and bringing industry-leading solutions to its customers.
